BRIEF ABSTRACT OF LETTER.

States that the area around Hosangherta has become a sanctuary for black buck and they hence consequently increased. That the area is insufficient and requests to be informed if the rules give him power to restrict the area as proposed by him in granting leases.

NOTES AND ORDERS.

Ld.

The rules do not seem to restrict the area within which bucks may or may not be killed. They only restrict the number of bucks which the District Magistrate may authorise

Mr Shanks' letter is moreover clear. He probably wants permission to exclude the tracts mentioned by him from the area of operation of permissions granted to him to shoot-buck. If so, he may be informed that there is no objection to his doing so. The authentic hunting permissions under the new Rule 3(2) can, I think, do so subject to conditions which he thinks reasonable. Mr Sparkes' letter is delightfully vague. It may mean anything. The Secretary may kindly write D.O to him & ascertain what he wants done -

So far as I can gather Mr Sparkes does not want to permit shooting of black buck within the area specified. If this is his meaning, I see no objection to it.

General & Revenue Departments.

Sir, With reference to Government Proceedings No. J 1977 Legis 23-06-2 dated 16th January 1907, re the shooting of black buck, I have the honour to bring to the notice of Government that the area around the Hessara ghatta tank has become a great sanctuary for black buck and that they have consequently increased, but this area in itself is insufficient and I would therefore

therefore beg to propose that a larger extent be restricted for shooting black buck viz: the space between the roads (1) Bangalore to Velamangala (2) Velamangala to Doddballapur (3) Doddballapur to Bangalore, this will give a well defined tract, and can well be kept. I trust that Government will give me power to restrict this area when granting licenses for which I have had quite a number ahead,

I have the honor to be
